

# Yuzhou (1628 HK) Consistently impressive

- FY16 core profit rose 26% YoY to RMB 2,047mn, 6% higher than our forecast
- 2017 sales target of RMB30bn implies a 29% YoY growth. Xiamen and Hefei account for 21% and 20% of saleable resources
- Government's tightening has allowed Yuzhou to acquire land at attractive prices
- Maintain BUY with revised TP of HK\$ 3.90 (from HK\$ 3.30), still based on a 60% discount to NAV

Core profit rose 26% YoY to RMB 2,047mn. Yuzhou's FY16 net profit rose 26% YoY to RMB 2,047mn, 6% higher than our forecast. Gross margin rose 0.5ppt YoY to 36.3%, one of the highest in the sector. Yuzhou has had a good track record in maintaining a higher margin than peers since listing and management believes gross margin will remain at above 30% for the next 2-3 years. In particular, FY16 presales ASP of RMB 12,689/sqm was 41% higher than FY16 booked ASP of RMB 9,000/sqm, implying further margin improvement in 2017. Net gearing declined 7.7ppt YoY to 71.7% in Dec 2016 as presales soared 66%YoY to RMB 23.2bn. DPS also jumped 22%YoY to HK\$ 0.22/share, implying a payout ratio of 37%, consistent with that in 2015. Chairman commented they will start distributing interim dividend in 2017 in addition to the final dividend.

**2017** sales target of RMB 30bn implies a 29%YoY growth. Yuzhou's 2017 sales target of RMB 30bn is based on estimated saleable resources of RMB 50bn and a sell-through rate of 60%. They expect to launch 51% of the saleable resources (by value) in 1H17 and the rest in 2H17. As the Group expands into new YRD cities such as Hangzhou and Suzhou, Xiamen and Hefei take up a slightly lower proportion of total saleable value in 2017 at 21% (2016: 28%) and 20% (2016: 23%). Yuzhou spent ~RMB26.1bn to acquire 2.6mn sqm of new land in FY16; as a result, saleable resources in YRD now amount to ~RMB150bn.

Focus on first-home buyer and upgrader means less impact from tightening. As Yuzhou's projects are geared towards the mass market with reasonable ASP, they are not heavily subject to ASP control by the local government. Instead, the government's tightening has created opportunities for Yuzhou to acquire land at attractive prices. E.g., the Group acquired a site in Hangzhou and another in Wuhan via M&A as consolidation in market accelerates. It also acquired the Suzhou site through balloting, a mechanism that is triggered when the auction price reaches an upper limit set by the government.

**Maintain BUY with revised TP of HK\$ 3.90.** We factor in latest land acquisitions and raise our NAV/share estimate to HK\$ 9.70 (from HK\$ 8.29) and TP to HK\$ 3.90 (from HK\$ 3.30), still based on 60% discount to NAV. With strong acumen in selecting tier-2 cities and early entry into such markets, Yuzhou has been delivering sales and profit growth while attaining better margins than peers in a consistent manner. Maintain **BUY**.

**Risk factors:** (1) Margin contraction on expensive land acquisition; (2) Placement risk; (3) Further policy tightening.

#### **Definition of equity rating**

Rating	Definition
Buy	Stock return ≥ Market return rate
Hold	Market return – 6% ≤ Stock return < Market return rate
Sell	Stock return < Market return – 6%

Stock return is defined as the expected % change of share price plus gross dividend yield over the next 12 months

Market return: 5-year average market return rate Time horizon of share price target:12-month

#### Definition of share price risk

Rating	Definition
Very high	2.6 ≤180 day volatility/180 day benchmark index volatility
High	1.5 ≤ 180 day volatility/180 day benchmark index volatility < 2.6
Medium	1.0 ≤180 day volatility/180 day benchmark index volatility < 1.5
Low	180 day volatility/180 day benchmark index volatility < 1.0

We measure share price risk by its volatility relative to volatility of benchmark index. Benchmark index: Hang Seng Index. Volatility is calculated from the standard deviation of day to day logarithmic historic price change. The 180-day price volatility equals the annualized standard deviation of the relative price change for the 180 most recent trading days closing price.

#### **Disclaimers**

This report is for our clients only and is for distribution only under such circumstances as may be permitted by applicable law. It has no regard to the specific investment objectives, financial situation or particular needs of any specific recipient. It is published solely for informational purposes and is not to be construed as a solicitation or an offer to buy or sell any securities or related financial instruments. No representation or warranty, either expresses or implied, is provided in relation to the accuracy, completeness or reliability of the information contained herein. This report should not be regarded by recipients as a substitute for the exercise of their own judgment. Any opinions expressed in this report are subject to change without notice and may differ or be contrary to opinions expressed by other business areas as a result of using different assumptions and criteria. The analysis contained herein is based on numerous assumptions. Different assumptions could result in materially different results. The analyst(s) responsible for the preparation of this report may interact with trading desk personnel, sales personnel and other constituencies for the purpose of gathering, synthesizing and interpreting market information. ABCI Securities Company Limited is under no obligation to update or keep current the information contained herein. ABCI Securities Company Limited relies on information barriers to control the flow of information contained in one or more areas within ABCI Securities Company Limited, into other areas, units, groups or affiliates of ABCI Securities Company Limited. The compensation of the analyst who prepared this report is determined exclusively by research management and senior management (not including investment banking). Analyst compensation is not based on investment banking revenues, however, compensation may relate to the revenues of ABCI Securities Company Limited as a whole, of which investment banking, sales and trading are a part. The securities described herein may not be eligible for sale in all jurisdictions or to certain categories of investors. The price and value of the investments referred to in this research and the income from them may fluctuate. Past performance is not necessarily indicative of future results. Foreign currency rates of exchange may adversely affect the value, price or income of any security or related instrument mentioned in this report. For investment advice, trade execution or other enquiries, clients should contact their local sales representative. Neither ABCI Securities Company Limited nor any of its affiliates, directors, employees or agents accepts any liability for any loss or damage arising out of the use of all or any part of this report. Additional information will be made available upon request.
